1 Introductory terms

- 1.1 The Riksbank can in accordance with D.1.2.2 of the Master Document in the Riksbank's Terms and Conditions for RIX and monetary policy instruments (the Terms and Conditions) lend Swedish krona (SEK) against collateral in eligible securities (Credit). Credit can be used for Structural Transactions.
- 1.2 The Riksbank can conclude agreements concerning credit in Swedish krona with a variable interest rate in accordance with what is stipulated in these general terms for the Riksbank's programme for credit in Swedish kronor with a variable interest rate (General Terms Variable SEK Credit).
- 1.3 Unless expressly stated otherwise in the General Terms Variable SEK Credit, the Terms and Conditions apply wherever applicable. Words or phrases beginning with a capital letter shall have the sense stated in the specific terms for the Riksbank's programme for credit in Swedish kronor with a variable interest rate (Specific Terms Variable SEK Credit) and which are relevant for the Bid Submission Date in question. The Specific Terms Variable SEK Credit will be announced by means of publication on the Riksbank's website, normally two days prior to the Bid Submission Date concerned. Otherwise, words or phrases beginning with a capital letter shall have the sense stated in annex H1 to the Master Document of the Terms and Conditions.
- 1.4 Only those who are a Monetary Policy Counterparty in accordance with the Terms and Conditions (that is, a Counterparty that has a right to the Standing Facilities or is accepted as a Counterparty in accordance with D.1.3. (a)) have a right to tender for credit in SEK in accordance with these General Terms Variable SEK Credit.
- 1.5 If any of the General Terms Variable SEK Credit is incompatible with any of the Terms and Conditions the General Terms Variable SEK Credit has priority.

2 The Credit

- 2.1 Credit in accordance with these General Terms Variable SEK Credit is decided after an auction on the basis of D 3.1.2 in the Master Document on the Bid Submission Date.
- 2.2 Interest on the credit is charged on an annual basis in accordance with the applicable repo rate plus an interest supplement that corresponds to the lowest accepted interest supplement in the auction. - 3.5 The Riksbank rejects bids that exceed the Maximum Acceptable Volume of Bids or are lower than the Minimum Bid Amount or contain a bid with an interest supplement lower than 0.15 percentage points.
- 3.6 (i) When the Bid Submission Period has ended the bids are recorded in descending order of the interest supplements that have been tendered.
- (ii) The bid with the highest interest supplement shall be accepted first, followed by the bid with the next highest interest supplement and so on until the Offered Amount is exhausted.
- (iii) If the bids with the lowest accepted interest supplement add up to more than the amount that remains to be offered, the amount shall be divided proportionally between these bids in accordance with the ratio between the amount that remains to be offered and the total that has been bid at the lowest accepted interest supplement.
- (iv) The allocations shall be rounded to the nearest million Swedish kronor.
- (v) Allocations are announced at the Allocation Time in Saxess/OMFIE page RIKP.

3.7 The Riksbank reserves the right to provide an amount that is lower than the Offered Amount if the Riksbank considers that special reasons exist. A bidder is bound to accept an allocated volume even if this is smaller than the volume of the bid.
